Hotel De Residentie

All 36 rooms have a bathroom with bath or shower, colour TV and telephone.

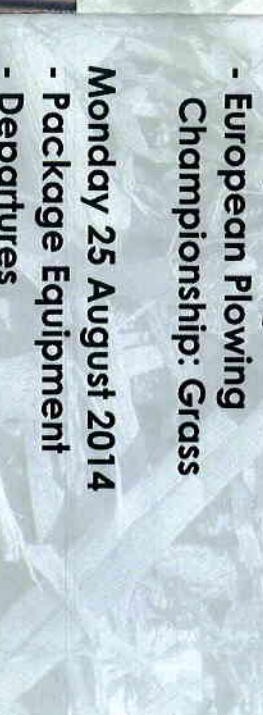

You have free wireless internet access from your room or from anywhere in the hotel.

All our room rates include our breakfast buffet, with lots of fresh products.

All our guests have free access to our swimming pool, whirlpool, sauna and steambath.

The chef in our restaurant will serve you excellent food for lunch and dinner.

Hotel 'De Residentie' is easy to reach and is located in the middle of the forests. A perfect location for a bikeride or a walk in the forest.

The Belgian Ploughing Committee

The BPC exists for 20 years! Since the creation of the ploughing competitions, the Belgians were there.

“The Young Farmers”, organized the competitions and arranged the judges.

But in 1993 the BPC was established with the status of non-profit organization.

Our aim is: to technically guide young ploughmen, especially at the competitions for reversible ploughing.

We also take care of the judging. All this we do out of our own international experience.
